This Proxy Statement and the enclosed proxy card are being first made available to stockholders of record on or about April 24, 2020. All stockholders are invited to attend the online Annual Meeting.

Important Notice Regarding the Availability of Proxy Materials for 2020 Annual Meeting of the Stockholders to be Held on June 3, 2020:

While stockholders may request to receive paper copies of proxy materials on an ongoing basis, the Company encourages stockholders to access the proxy materials online to help reduce the costs the Company incurs in printing and mailing paper copies of the proxy materials and 2019 Annual Report. Please make the request as instructed above on or before May 20, 2020, to facilitate timely delivery. Please note that the Company is exempt from the requirements of furnishing such material if the stockholder of record has a mailing address located in an area where, as a result of COVID-19, the common carrier has suspended delivery service, but will make a good faith effort to deliver the proxy materials to such stockholder.

What is a Proxy Statement?

A Proxy Statement is a document that the SEC requires us to give you when we solicit your proxy to vote your shares on your behalf. A proxy is your legal designation of another person to vote the stock you own. When you vote online, by telephone or by signing, dating and returning your proxy card, you designate two of our officers as your proxies at the Annual Meeting. These two officers are Tracy D. Jackson, our Executive Vice President and Chief Financial Officer (“CFO”), and Melissa M. Buhrig, our Executive Vice President, General Counsel and Secretary, each with full power to act without the other and with full power of substitution.

Who is entitled to vote?

Holders of CVR Energy common stock at the close of business on April 6, 2020 (the “Record Date”) are entitled to receive the Notice and to vote their shares at the Annual Meeting and any adjournment or postponement thereof. A list of stockholders of record will be available for inspection during normal business hours for 10 days preceding the Annual Meeting at our corporate headquarters located at 2277 Plaza Drive, Suite 500, Sugar Land, TX 77479 and electronically during the Annual Meeting at www.proxyvote.com when you enter your 16 digit control number. On the Record Date, there were 100,530,599 shares of CVR Energy common stock outstanding. CVR Energy common stock is our only class of voting stock issued and outstanding.

How many votes do I have?

You will have one vote for every share of CVR Energy common stock that you owned at the close of business on the Record Date.

What matters will be voted on, how does the Board recommend I vote, and what is required to approve each matter?

The three matters scheduled to be voted on at the Annual Meeting, the recommendations of the Board, and the approval required for each matter are listed below:

Proposals	Board Recommendation	Page Reference	Requirement to Approve
Proposal 1: Election of Eight Directors Named in this Proxy Statement	FOR each nominee	18	Affirmative vote of a plurality of the votes present in person (virtually) or by proxy and entitled to vote (in other words, the eight nominees who receive the most votes "FOR" their election will be elected).
Proposal 2: Advisory Vote on Named Executive Officer Compensation ("Say-on-Pay")	FOR	39	Affirmative vote of a majority of the votes present in person (virtually) or by proxy and entitled to vote. However, the vote is non-binding, and CVR Energy will not be required to take any action as a result of the outcome of the vote.
Proposal 3: Ratification of the Appointment of Auditors	FOR	42	Affirmative vote of a majority of the votes present in person (virtually) or by proxy and entitled to vote.

In addition to these matters, stockholders will also transact such other business as may properly come before the meeting or any adjournment or postponement thereof.

How do I vote?

If you were a stockholder of record at the close of business on the Record Date, you can vote your shares by any one of the following methods:

- Before the Annual Meeting:
 - By visiting www.proxyvote.com and entering your 16 digit control number;
 - By telephone at 1-800-690-6903 and providing your 16 digit control number; or
 - By signing and returning your proxy card, if you received a paper copy of the proxy materials.
- During the Annual Meeting:
 - By participating in the Annual Meeting and voting online during the Annual Meeting at www.virtualshareholdermeeting.com/CVI2020.

If you were a beneficial owner at the close of business on the Record Date, you will be sent separate voting instructions from your broker, bank, or other nominee explaining how to vote your shares. Beneficial holders who wish to vote during our online Annual Meeting must ask the brokerage firm, trust, bank, or other nominee that holds their shares to provide them with a legal proxy to vote such shares.

Whether or not you plan to attend the Annual Meeting, we urge you to vote. Returning the proxy card or voting by telephone will not affect your right to attend the Annual Meeting and vote online during the Annual Meeting.

What is the difference between a stockholder of record and a beneficial owner?

If your shares are registered directly in your name with CVR Energy's transfer agent, American Stock Transfer & Trust Company, you are considered the "stockholder of record" with respect to those shares. If your shares are held in a stock brokerage account, by a bank, or other nominee, you are considered a "beneficial owner" with respect to those shares which shares are sometimes referred to as being held "in street name," and access to our proxy materials is being provided to you by your broker, bank, or other nominee who is considered the stockholder of record with respect to those shares.

Can I revoke or change my vote?

If you are a stockholder of record, you can change or revoke your proxy before it is voted at the Annual Meeting in one of the following ways:

- Timely delivering a valid, later-dated proxy or a later-dated vote by telephone;
- Timely delivering written notice of revocation to the Company’s Secretary at the address above; or
- Attending the Annual Meeting online and voting online during the Annual Meeting.

If you are a beneficial owner of shares but not the stockholder of record, you may submit new voting instructions by contacting your broker, bank, or other nominee. You may also vote at the Annual Meeting if you obtain a legal proxy as described in the answer to the question “How do I vote?” above. All shares that have been properly voted and not revoked will be voted at the Annual Meeting.

How can I participate in the Annual Meeting?

The Annual Meeting will be held entirely virtually, as permitted by Delaware law and the Company’s Second Amended and Restated By-Laws (the “By-Laws”). There will be no physical location at which stockholders may attend the Annual Meeting, but stockholders may participate in and vote at the Annual Meeting online. Stockholders who participate in the virtual Annual Meeting will be deemed to be present in person and will be able to vote during the Annual Meeting at the time the polls are open. Stockholders who wish to participate in the meeting should go to www.virtualshareholdermeeting.com/CVI2020 at least 10 minutes before the beginning of the Annual Meeting to register their participation and complete the verification procedures to confirm that they were stockholders of record (or a duly authorized proxy holder of a stockholders of record) as of the Record Date, April 6, 2020. Stockholders of record (or a duly authorized proxy holder of a stockholder of record) will need to provide their 16 digit control number to verify their identity and gain access to the Annual Meeting.

What if during the check-in time or during the Annual Meeting, I have technical difficulties or trouble accessing the live webcast?

If you encounter any difficulties accessing the live webcast during the check-in or meeting, please call the Broadridge technical support number that will be posted on the Annual Meeting log-in page at www.virutalshareholdermeeting.com/CVI2020.

What votes need to be present to hold the Annual Meeting?

Under our By-Laws, the presence in person, online, or by proxy, of the stockholders of record of a majority of the aggregate voting power of the common stock issued and outstanding on the Record Date (April 6, 2020) entitled to vote at the Annual Meeting will constitute a quorum for the transaction of business at the Annual Meeting. Abstentions and broker “non-votes” are counted as present and entitled to vote for purposes of determining whether a quorum exists. Although not expected, if a quorum is not present or represented, we may adjourn and reschedule the Annual Meeting, without notice other than announcement at the Annual Meeting, until a quorum is present or represented.

How are votes counted?

For Proposal 1 (Election of Eight Directors Named in this Proxy Statement), your vote may be cast “FOR” all of the nominees or your vote may be “WITHHOLD” with respect to one or more of the nominees. If you withhold your vote with respect to any nominee, your vote will have no effect on the election of such nominee. For all other proposals, your vote may be cast “FOR” or “AGAINST” or you may “ABSTAIN.” If you “ABSTAIN” from voting with respect to any of these proposals, it has the same effect as a vote “AGAINST” the proposal. If you sign your voting instruction form with no further instructions and you are a stockholder of record as of the Record Date then your shares will be voted in accordance with the recommendations of our Board. If you sign your voting instruction form with no further instructions and you are a beneficial owner, then please see the response to the question immediately below for a description of how your shares will be voted.

What is the effect of broker non-votes?

A broker “non-vote” occurs when a broker, bank, or other nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received voting instructions from the beneficial owner. Under current New York Stock Exchange (the “NYSE”) rules, a broker, bank, or other nominee may exercise discretionary voting power for the ratification of the selection of Grant Thornton and, therefore, no broker non-votes are expected for this proposal. However, your broker, bank, or other nominee will not be permitted to exercise discretion to vote your shares for the election of directors or the Say-on-Pay proposal. Directors are elected by a plurality vote and, therefore, shares subject to a broker non-vote with respect to the election of directors will have no effect on the election of nominees. Shares subject to a broker non-vote with respect to the Say-on-Pay proposal are not considered to be entitled to vote at the Annual Meeting and, therefore, will have no effect on the Say-on-Pay proposal.

Who will pay the costs of soliciting these proxies?

We will bear all costs of solicitation. Upon request, we will reimburse brokers, banks, and other nominees for the expenses they incur in forwarding the proxy materials to you.

Is this Proxy Statement the only way that proxies may be solicited?

No. In addition to our mailing the Notice, members of our Board, executive officers, and certain employees may solicit proxies by telephone, by fax, by other electronic means of communication (through electronic mail and the Company’s webpage), or in person. They will not receive any compensation for their solicitation activities in addition to their regular compensation. We have not engaged an outside solicitation firm in connection with the solicitation of proxies at this year’s Annual Meeting.

Where can I find the voting results?

We will publish voting results in a Current Report on Form 8-K (“Form 8-K”) that we will file with the SEC within four business days following the Annual Meeting. If on the date of this filing the inspector of election for the Annual Meeting has not certified the voting results as final, we will note in the filing that the results are preliminary and publish the final results in a subsequent amended Form 8-K filing within four business days after the final voting results are known.

Why did I receive only one Notice when there are several stockholders of record at my address?

If you and other residents at your mailing address own shares in street name, your broker, bank, or other nominee may have sent you a notice that your household will receive only one annual report and proxy statement for each company in which you hold shares through that broker, bank, or other nominee. This practice is called “householding.” If you did not respond that you did not want to participate in householding, you are deemed to have consented to that process. If these procedures apply to you, your broker, bank, or other nominee will have sent one copy of the Notice and, if applicable, our 2019 Annual Report and Proxy Statement to your address. You may revoke your consent to householding at any time by contacting your broker, bank, or other nominee.

If you did not receive an individual copy of the Notice, our 2019 Annual Report, or Proxy Statement, we will send copies to you if you contact us at 2277 Plaza Drive, Suite 500, Sugar Land, Texas 77479, (281) 207-3200, Attention: General Counsel or use one of the other methods described in this Proxy Statement. If you and other residents at your address have been receiving multiple copies of the Notice or, if applicable, our 2019 Annual Report or Proxy Statement, and desire to receive only a single copy of these materials, you may contact your broker, bank, or other nominee or contact us at the above address or telephone number.

Whom should I contact if I have any questions?

If you have any questions about the Annual Meeting, please call our provider at: Broadridge Financial Solutions, Inc., 1-800-586-1548 (toll free) or 303-562-9288 (international fee may apply). If you are a stockholder of record and have any questions about your ownership of CVR Energy common stock, please contact our transfer agent at: American Stock Transfer & Trust Company, LLC, 6201 15th Avenue, Brooklyn, NY 11219, Telephone: (800) 937-5449, E-mail: help@astfinancial.com, or Website Address: www.astfinancial.com. If you hold your shares “in street name” please contact your broker, bank, or other nominee.

CORPORATE GOVERNANCE

Introduction

We believe that good corporate governance benefits all of our stockholders. We regularly review and consider our corporate governance policies and practices, the SEC's corporate governance rules and regulations, and the corporate governance listing standards of the NYSE, the stock exchange on which our common stock is traded, and may update our corporate governance policies and practices as appropriate.

We have adopted a Code of Ethics and Business Conduct (the "Code") that applies to all of our directors, officers, and employees, and also includes portions that specifically apply to our CEO, CFO, Principal Accounting Officer, and others performing related functions. Copies of the Code and our Corporate Governance Guidelines are posted on our website at www.cvrenergy.com under the heading "Investor Relations" and the subheading "Corporate Governance." Printed copies of these documents are also available free of charge upon request to our Secretary. We will post on our website or file a Form 8-K with the SEC any amendments to, or waivers from, the Code requiring disclosure under applicable rules within four business days following the amendment or waiver.

Our Board

During 2019, the Board consisted of three directors affirmatively determined by the Board to be independent directors (Bob G. Alexander, Stephen Mongillo, and James M. Strock), one employee director (David L. Lamp, our President and CEO), and four non-management directors who are also directors and/or executive officers of Icahn Enterprises L.P. ("IEP") (SungHwan Cho, our Chairman of the Board; Patricia A. Agnello; Jonathan Frates; and Hunter C. Gary). Mr. Alexander passed away on April 5, 2020, at which time he ceased being a member of the Board and its Audit Committee and Environmental, Health and Safety Committee ("EH&S Committee"). On April 15, 2020, the Board appointed Jaffrey A. Firestone to the Board and its Audit Committee and EH&S Committee.

None of our directors or executive officers currently have any family relationship with any other director or executive officer. The table below sets forth the names and ages (as of April 6, 2020) of each of the nominees for our Board (each of whom is an existing director) and the year they first joined our Board.

Name	Age	Position	Joined Board
SungHwan Cho	45	Chairman and Director	May 2012
Patricia A. Agnello	63	Director	September 2018
Jaffrey (Jay) A. Firestone	63	Director	April 2020
Jonathan Frates	37	Director	March 2016
Hunter C. Gary	45	Director	September 2018
David L. Lamp	62	President, CEO and Director	January 2018
Stephen Mongillo	58	Director	May 2012
James M. Strock	63	Director	May 2012

Detailed descriptions of the backgrounds, experience, and qualifications of our directors begin on page 18. As required by our Corporate Governance Guidelines, the Board periodically evaluates the composition of the Board, including the skill sets, diversity, leadership structure, background, and experience of its directors. The Board believes its current structure and composition is best for the Company and its stockholders at this time.

Board Leadership

Our Corporate Governance Guidelines provide the Board with the flexibility to exercise its business judgment to choose the optimal leadership for the Board depending upon the Company's particular needs and circumstances.

The Board is currently led by its Chairman, Mr. Cho, and Mr. Lamp serves as our CEO. The Board believes that this leadership structure, which separates the Chairman and CEO roles, is appropriate at this time in light of ownership of over 70% of our common stock by IEP and its affiliates. In particular, the Board believes this structure clarifies the individual roles and responsibilities of the Chairman and CEO and enhances accountability. The Board recognizes there is no single, generally accepted approach to providing Board leadership and the Board's leadership structure may vary in the future. The Board believes it should have the flexibility to make determinations as to the best leadership structure and allocation of responsibilities of the Chairman and CEO as circumstances warrant. In determining the appropriate leadership structure, the Board considers, among other factors, the current composition and dynamics of the Board and the challenges and opportunities specific to the Company.

Director Qualifications and Nominations

The Board seeks a diverse group of directors who have attributes necessary to create a cohesive and effective Board, including high personal and professional ethics, integrity and values, vision and long-term strategic perspective, experience in similar industries, practical judgment, the ability to devote significant time to serve on our Board and its committees, and a commitment to representing the long-term interests of all of our stockholders. The Board believes it should possess a combination of skills, professional experience, and diversity of backgrounds and perspectives necessary to oversee our business.

As a result of IEP's control of a majority of our outstanding common stock, IEP ultimately controls the election of all of the members of our Board. Consequently, our Board has deemed it appropriate not to maintain a formal policy with respect to the review of potential nominees or to charge the Nominating and Corporate Governance Committee (the "Governance Committee") with the nomination of directors. However, all of our directors ultimately participate in the review of potential nominees to our Board. In 2020, the Board reviewed the qualifications, skills, backgrounds, and experience of our directors and director nominees, both individually and in the broader context of the Board's overall composition and our current and anticipated future needs.

The Board may consider candidates recommended by stockholders, as well as from other sources such as other directors or officers, third-party search firms, or other appropriate sources. If a stockholder wishes to recommend a candidate for director for election at the 2021 Annual Meeting of Stockholders, it must follow the procedures described below under "2021 Stockholder Proposals and Director Nominations."

Director Independence and the "Controlled Company" Exemption

We are a controlled company under the rules of the NYSE and, as a result, we qualify for and rely on exemptions from certain requirements of the NYSE. Under the rules of the NYSE, a listed company is a controlled company when more than 50% of the voting power is held by an individual, a group, or another company. Our Board has determined that we are a controlled company because IEP and its affiliates currently own approximately 70.8% of our outstanding common stock.

Due to our status as a controlled company, we are relying on exemptions from the NYSE rules that require our Board be comprised of a majority of independent directors, as defined under the rules of the NYSE. Although not required by the NYSE, the Board does maintain a Compensation Committee and a Governance Committee, which are not (and are not required to be) comprised solely of independent directors.

The controlled company exemption does not modify the independence requirements for the Audit Committee. The Sarbanes-Oxley Act of 2002 (as amended, the "Sarbanes-Oxley Act") and NYSE rules require that our Audit Committee be composed entirely of independent directors. The members of the Audit Committee are Mr. Mongillo, who serves as Chairman, and Messrs. Firestone and Strock. Mr. Alexander was a member of the Audit Committee up to April 5, 2020. All members were affirmatively determined by our Board to be "independent" and "financially literate" under the rules and regulations of the NYSE and the SEC applicable to audit committee members under the Securities and Exchange Act of 1934, as amended (the "Exchange Act") during their time of service. In addition, Mr. Mongillo was further determined to be an "Audit Committee Financial Expert".

Board Oversight and Meetings

The Board oversees the business of the Company, which is conducted by the Company’s officers and employees under the direction of the CEO. The Board performs a number of specific functions either directly or through its committees, including (among others):

- Reviewing, approving, and monitoring financial and business strategies, risks, and major corporate actions;
- Selecting, evaluating, and compensating the CEO and other executive officers of the Company; and
- Reviewing the Company’s business results and compliance with its public disclosure obligations.

Members of the Board are kept informed about our Company’s business by members of the Company’s management. The full Board is also advised of actions taken by the various committees of our Board by the chairmen of those committees. Directors have access to all of our books, records, and reports, and members of management are available at all times to answer their questions. Management also communicates with the various members of our Board on a regular informal basis, as needed, to effectively oversee the activities of our Company.

The Board met six times and acted by written consent five times in 2019. All of the directors who served during 2019 attended at least 75% of the total meetings of the Board and each of its committees on which such director served, except for Mr. Gary, who attended one-third of the Board meetings. In addition, while we do not have a specific policy regarding attendance at the annual meeting of stockholders, all director nominees are encouraged to attend the Annual Meeting. In 2019, four directors attended our virtual annual meeting of stockholders.

Meetings of Non-Management Directors and Executive Sessions

To promote open discussion among non-management directors, we schedule regular executive sessions in which our independent directors meet without management participation. “Non-management directors” are all directors who are not executive officers. During 2019, three of our directors were independent (Messrs. Alexander, Mongillo, and Strock) and all of our directors were non-management directors, except for Mr. Lamp, our CEO. Currently, we do not have a lead independent director. Our independent directors met four times in executive session during 2019. Our non-management directors did not formally meet during 2019. In the absence of further action, Mr. Mongillo will lead executive sessions held by our independent directors and the Chairman of the Board will lead executive sessions held by our non-management directors.

Risk Oversight

We believe that our governance processes provide rigorous Board oversight of the Company and its management. The Board considers oversight of CVR Energy’s risks and risk management activities to be a responsibility of the entire Board, though the Board also delegates certain risk oversight to certain of its committees, including the following:

Audit Committee Risk Oversight Areas	Compensation Committee Risk Oversight Areas	Governance Committee Risk Oversight Areas	EH&S Committee Risk Oversight Areas
Financial exposure, insurance, legal, compliance, financial statements and reporting	Compensation and benefits policies and programs, succession and executive performance	Corporate governance, Code compliance, and Board and committee performance	Environmental, health and safety policies, programs, procedures, regulations, compliance and initiatives

The Board’s role in risk oversight includes receiving regular reports from management on areas of material risk to the Company or to the success of a particular project or endeavor under consideration, including operational, financial, legal and regulatory, strategic, and reputational risks. The full Board (or the appropriate committee, in the case of risks that are under the purview of a particular committee) receives these reports from the appropriate members of management to enable the Board (or committee) to understand the Company’s risk identification, risk management, and the steps management has taken to monitor and control such exposures, including the periodic review of new and emerging risks. When a report is vetted at the committee level, the chairman of that committee subsequently reports on the matter to the full Board. This enables the Board and its committees to coordinate the Board’s risk oversight role. The Board also believes that risk management is an integral part of CVR Energy’s annual strategic planning process, which addresses, among other things, long-term risks and opportunities.

The CEO's membership on and collaboration with the Board allows him to gauge whether management is providing adequate information for the Board to understand the interrelationships of our various businesses and risks. He is available to the Board to address any questions from other directors regarding management's ability to identify and mitigate risks and weigh them against potential rewards.

Communications with Directors

Stockholders and other interested parties wishing to communicate with our Board may send a written communication addressed to:

CVR Energy, Inc.
2277 Plaza Drive, Suite 500
Sugar Land, Texas 77479
Attention: General Counsel

Our General Counsel will forward all appropriate communications directly to our Board or to any individual director or directors, depending upon the facts and circumstances outlined in the communication. Any stockholder or other party who is interested in contacting only the independent directors or non-management directors as a group or the director who presides over the meetings of the independent directors or non-management directors may also send written communications to the contact above and should state for whom the communication is intended.

Committees of the Board

Our Board has five main standing committees: the Audit Committee, the Compensation Committee, the Governance Committee, the EH&S Committee, and the Special Committee. The composition of the Board's five standing committees is as follows:

Director	Audit Committee	Compensation Committee	Governance Committee	EH&S Committee	Special Committee

Patricia A. Agnello				ü	
SungHwan Cho			ü		ü
Hunter C. Gary		u

* Mr. Alexander served on the Audit Committee and EH&S Committee until he passed away on April 5, 2020, and Mr. Firestone was appointed to such committees on April 15, 2020 as Mr. Alexander's replacement.

Any standing committee with a written charter reviews the adequacy of such charter periodically in addition to evaluating its performance and reporting to the Board on such evaluation. The charter for each of these committees (except the Special Committee which does not have a charter) is posted on our website at www.cvrenergy.com under the heading "Investor Relations" and the subheading "Corporate Governance." The function of each committee is described in greater detail below.

DIRECTOR COMPENSATION

Director Compensation Program

The compensation the Company pays to its directors who are not officers or employees of CVR Energy or its affiliates (“Non-Employee Directors”) is designed to attract and retain nationally recognized, highly qualified directors to lead the Company and to be demonstrably fair to both the Company and its Non-Employee Directors, taking into consideration, among other things, the time commitments required for service on the Board and its committees. In developing Non-Employee Director compensation, the Board considers the factors set forth above, and relies upon its experience and judgment. Non-Employee Director compensation generally includes an annual cash retainer for service as a director, a separate cash retainer for service as a member or chairman of a committee, and reimbursement of certain travel and director education expenses.

In December 2018, the Board considered these goals and the compensation paid to such directors for 2018, and upon recommendation of the Compensation Committee, elected to keep such compensation for 2019 the same as 2018. During 2019, the independent directors received the following annual director fees:

- An annual cash retainer of \$50,000, payable quarterly;
- An annual cash retainer for service as a committee Chairman or member of \$5,000 and \$1,000, respectively; and
- Reimbursement of out-of-pocket costs incurred in connection with attending meetings of the Board and its committees and up to \$1,500 in director-related education expenses.

No other directors (including directors affiliated with IEP) receive any compensation for their service on the Board or its committees, though they are entitled to reimbursement of certain travel expenses.

The following table reflects compensation earned by or paid to each Non-Employee Director for the year ended December 31, 2019.

Name	Fees Earned or Paid in Cash	All Other Compensation	Total
Bob G. Alexander	\$ 51,588	\$ —	\$ 51,588
Stephen Mongillo	57,000	—	57,000

COMPENSATION DISCUSSION AND ANALYSIS

The following discussion and analysis of compensation arrangements of our named executive officers (defined below) for 2019 should be read together with the compensation tables and related disclosures set forth below. This discussion contains forward-looking statements that are based on our current plans, considerations, expectations, and determinations regarding future compensation actions. Our actual compensation actions may differ materially from the currently planned programs and payouts summarized in this discussion.

Named Executive Officers

This compensation discussion and analysis provides stockholders with an understanding of our compensation philosophy, objectives, policies, and practices in place during 2019, as well as the factors considered by our Compensation Committee in making compensation decisions for 2019. This compensation discussion and analysis focuses on the compensation of persons who served as our CEO, our CFO, and our next three other most highly compensated executive officers for 2019 (the “named executive officers”):

David L. Lamp	President and CEO
Tracy D. Jackson	Executive Vice President and CFO
Mark A. Pytosh	Executive Vice President - Corporate Services
Melissa M. Buhrig	Executive Vice President, General Counsel and Secretary
David L. Landreth	Executive Vice President and Chief Commercial Officer

Compensation Philosophy, Objectives and Processes

In establishing named executive officer compensation, our Compensation Committee generally seeks to compensate named executive officers in a way that meaningfully aligns their interests with the interests of our stockholders, including:

- Incentivizing important business priorities such as safety, reliability, environmental performance, and earnings growth;
- Aligning the named executive officers’ interests with those of our stockholders and stakeholders, including providing long-term economic benefits to the stockholder;
- Providing competitive financial incentives in the form of salary, bonuses, and benefits with the goal of retaining and attracting talented and highly motivated executive officers; and
- Maintaining a compensation program whereby the executive officers, through exceptional performance and incentive awards, have the opportunity to realize economic rewards commensurate with appropriate gains of other stockholders and stakeholders.

The Compensation Committee takes these main objectives into consideration when creating its compensation programs, setting each element of compensation under those programs, and determining the proper mix of the various compensation elements. Named executive officer compensation will generally include a mix of fixed elements, intended to provide stability, as well as variable elements, which align pay and performance, incentivizing and rewarding our named executive officers in years in which the Company achieves superior results.

The Compensation Committee also generally considers, among other factors, the success and performance of the Company, the contributions of named executive officers to such success and performance and the current economic conditions and industry environment in which the Company operates. From time to time, the Compensation Committee may utilize various tools in evaluating and establishing named executive officer compensation, including their own knowledge, experience, and judgment, as well as some or all of the following:

- *Input from Board members or management.* The Compensation Committee may from time to time ask that certain members of the Board or management provide information and recommendations relating to named executive officer compensation. Such information typically includes the named executive officers’ roles and responsibilities, job performance, the Company’s performance generally and among the industry, and such other information as may be requested by the Compensation Committee.
- *Market data and peer comparisons.* The Compensation Committee may utilize market data derived from common executive pay practices and industry companies supplemented with broad-based compensation survey data or survey data from the energy, refining, and chemical industries that influence the competitive market for executive talent or from companies comparable to the Company in terms of size and scale.

- *The analysis, judgment, and expertise of an independent compensation consultant.* The Compensation Committee may, from time to time, engage an independent outside compensation consultant periodically to provide a comprehensive analysis and recommendations regarding named executive officer compensation.

Compensation Risk Assessment

Our Compensation Committee periodically evaluates and considers risks of our compensation policies and practices as generally applicable to employees, including our named executive officers. Our Compensation Committee believes that our policies and practices do not encourage excessive or unnecessary risk-taking and are not reasonably likely to have a material adverse effect on us. In reaching this conclusion, our Compensation Committee reviewed and discussed the design features, characteristics, and performance metrics of our compensation programs, approval mechanisms for compensation, and observed the following factors, among others, which the Compensation Committee believes reduces risks associated with our compensation policies and practices:

- Our compensation policies and practices are centrally designed and administered;
- Our compensation is balanced among fixed components like salary and benefits, and variable incentives tied to a mix of financial and operational performance; and
- The Compensation Committee has discretion to adjust annual or performance-based awards when appropriate based on our interests and the interests of our stockholders.

Compensation Process for 2019

In setting named executive officer compensation for 2019, the Compensation Committee considered the philosophies and objectives described above, but did not engage an independent compensation consultant or reference any reports from an independent compensation consultant. Instead, the Compensation Committee utilized their own knowledge, experience, and judgment in assessing reasonable compensation and ensuring compensation levels remain competitive in the marketplace, consulted with Mr. Lamp regarding compensation for all named executive officers (other than Mr. Lamp), and also considered the following:

- The Company’s financial and operational performance for the year;
- Each named executive officer’s compensation levels and performance in 2018;
- Total compensation for which each named executive officer would be eligible in 2019 including the expected ratio of salary to bonus; and
- The “at risk” components of the named executive officer compensation.

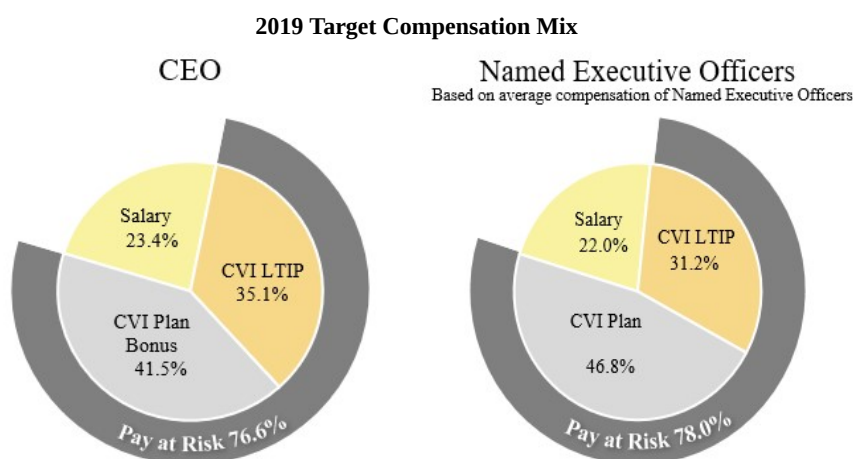

The Compensation Committee further considered the advisory vote of stockholders from its 2019 Annual Meeting, in which stockholders overwhelmingly approved, on an advisory basis, named executive officer compensation for 2018, which utilized a three-pronged program balancing base salary with annual performance-based bonuses and long-term incentives, both reflected as a percentage of base salary. The Compensation Committee concluded this three-pronged program, which is the same utilized for all management employees of the Company, supports the objectives described above, and elected to keep the structure for 2019 compensation the same as 2018, as follows:

Element	Primary Objectives	Approved 2019 Compensation
Base Salary	<ul style="list-style-type: none"> • Attract and retain high-caliber executives to lead the Company • Provide competitive financial incentives • Reward individual performance 	2018 Base Salary increased up to 5% based on individual performance and/or total relative compensation levels, prorated as applicable
Annual Performance-Based Bonus	<ul style="list-style-type: none"> • Attract and retain high-caliber executives to lead the Company • Incentivize important business priorities • Align interests of executives with those of our stockholders • Provide competitive financial incentives 	Same target payout percentages as 2018 and substantially equivalent plan document and performance metrics as described below
Long Term Incentive Awards	<ul style="list-style-type: none"> • Attract and retain high-caliber executives to lead the Company • Align interests of executives with those of stockholders • Provide competitive financial incentives • Promote continuity and retention of management 	Same percentage of Base Salary and terms as 2018, vesting ratably over three years subject to vesting conditions

2019 Compensation to Mr. Pytosh. Since Mr. Pytosh is employed by and also serves as President and CEO of the general partner of CVR Partners, not all of his 2019 compensation was determined by the Compensation Committee. Instead, as he generally spends 40% of his time performing services for CVR Energy and the remainder of his time performing services for CVR Partners, only 40% of his compensation is determined by the Compensation Committee, with the remainder being determined by the compensation committee of the board of directors of the general partner of CVR Partners (the “UAN Committee”). However, the Compensation Committee confers with the UAN Committee and believes the process and objectives utilized by the UAN Committee in setting named executive officer compensation, as well as the structure and elements of such compensation, are generally consistent with those utilized by the Compensation Committee.

2019 Target Compensation Mix

The 2019 target compensation mix for our CEO and our other named executive officers was predominantly variable or “at risk.” As the following charts illustrate, approximately 77% of our CEO’s total direct compensation (defined as the sum of his 2019 base salary, target annual performance-based bonus, and payment in connection with to the long-term incentive plan of CVR Energy (“CVI LTIP”)) and 78% of the average total target of the total direct compensation of our other named executive officers was delivered in the form of variable or “at risk” compensation.

Compensation Elements for 2019

Base Salary. Base salaries are set at a level intended to enable CVR Energy to hire and retain executives and to reward individual and Company performance. In February 2019, the Compensation Committee, approved the following base salaries for 2019:

Named Executive Officer	2018 Base Salary	2019 Base Salary	Increase
David L. Lamp	\$ 1,000,000	\$ 1,000,000	— %
Tracy D. Jackson	435,000	456,756	5.0 %
Mark A. Pytosh (1)	535,000	551,050	3.0 %
Melissa M. Buhrig	500,000	512,500	2.5 %
David L. Landreth	430,000	442,900	3.0 %

(1) Included \$220,420 determined by the Compensation Committee and \$330,630 by the UAN Committee.

Annual Performance-Based Bonus. In March 2019, the Compensation Committee considered the objectives and factors detailed above and, following consultation with Mr. Lamp:

- Approved the 2019 CVR Energy, Inc. Performance-Based Bonus Plan (the “2019 CVI Plan”), which applies to all full-time employees of CVR Energy and its subsidiaries and contains terms generally consistent with the 2018 Performance-Based Bonus Plan (the “2018 CVI Plan”) as described below; and

- Elected to keep target payouts (as a percentage of base salary) under the 2019 CVI Plan the same as the prior year, or 150% for Mr. Lamp, 135% for Mr. Pytosh, and 120% for the other named executive officers.

As with the 2018 CVI Plans, payout under the 2019 CVI Plan was dependent first on achievement of an Adjusted EBITDA Threshold of \$94 million for CVR Partners and \$182 million for CVR Refining for 2019, and following achievement thereof, based upon the achievement of CVR Partners and CVR Refining under the performance measures specified below. These measures were substantially the same as the 2018 CVI Plan, except achievement under Reliability, which measures the Company's lost profit opportunities as a percentage of achievable gross margin, was decreased by one percentage point. This change was intended to "raise the bar" for Company performance and further drive year-over-year improvement, consistent with the Company's core Value of Continuous Improvement. The performance measures under the 2019 CVI Plan include the following:

EH&S Measures (25% of total payment)

Three measures evenly weighted (33-1/3% each), including Total Recordable Incident Rate ("TRIR"), Process Safety Tier 1 Incident Rate ("PSIR"), and Environmental Events ("EE"), with achievement determined based on the following:

Increase in Incident Rate or Incidents	Zero
0%	50% of Target Percentage (Threshold)
Decrease > 0% and < 3%	Linear Interpolation between Threshold and Target
Decrease of 3%	Target Percentage

Decrease of 10% or more, or if TRIR is maintained at or below 1.0, PSIR at or below 0.2 and EE at or below 20	150% of Target (Maximum)

Financial Measures (75% of total payment)

Four measures evenly weighted (25% each), including Reliability, Equipment Utilization, Operating Expense, and ROCE, with achievement determined based on the following:

In setting the peer group under the 2019 CVI Plan, the Compensation Committee, in consultation with Messrs. Lamp and Pytosh, evaluated the fertilizer and refining business environments, assessed publicly traded entities in similar business lines and subject to similar regulations as the Company, and thereafter elected to keep peer groups under the 2019 CVI Plan the same as the 2018 CVI Plan, as follows:

Refining Peer Group		Fertilizer Peer Group	
Delek US Holdings, Inc.	Marathon Petroleum Co.	CF Industries Holdings, Inc.	LSB Industries, Inc.
HollyFrontier Corp.	Par Pacific Holdings, Inc.	Flotek Industries, Inc.	Nutrien Ltd.
PBF Energy, Inc.	Valero Energy Corp.	Green Plains Partners LP	The Andersons, Inc.

2019 UAN Plan. Also in March 2019, the UAN Committee approved the 2019 CVR Partners, LP Performance-Based Bonus Plan (the “2019 UAN Plan”) with identical terms and performance measures (including the same Fertilizer Peer Group) as the portions of the 2019 CVI Plan relating to CVR Partners. Mr. Pytosh could have received between 0% and 150% of target under the 2019 UAN Plan (which target represented his base salary determined by the UAN Committee) based on the performance of CVR Partners under these performance measures.

2019 CVI Plan and 2019 UAN Plan Results. The table below reflects: (1) the EH&S Measures and Financial Measures used to determine (a) payout under the 2019 CVI Plan for our CEO and named executive officers and (b) with respect to Mr. Pytosh’s, payout under the 2019 UAN Plan; (2) actual results with respect to each such measure for 2019 as certified by the Compensation Committee and the UAN Committee in February 2020; and (3) the portion of the 2019 bonus determined based on each such measure, which payout averaged 118% of target under the 2019 CVI Plan and 110% of target for Mr. Pytosh under the 2019 UAN Plan, as further described in the 2019 Annual Report on Form 10-K filed with the SEC by CVR Partners on February 20, 2020. The named executive officers could have received between 0% and 150% of target based on these measures, plus any additional amounts approved by the Compensation Committee in their discretion based on individual performance for all named executive officers except the CEO.

Long-Term Incentive Awards. The Compensation Committee believes long-term incentive compensation is one of the most crucial elements of its compensation program. As part of 2019 compensation, effective December 2018 the Compensation Committee awarded to Messrs. Lamp, Pytosh, and Landreth and Mses. Jackson and Buhrig incentive units of 39,652; 11,314; 13,640, 13,799, and 15,861, respectively, which incentive units vest in one-third increments each December following the date of award, subject to the terms and conditions of the award agreement, with payout in cash based on the average closing price of a common share of CVR Energy for the ten trading days preceding vesting. Incentive units denominated in CVR Energy common shares were selected by the Compensation Committee to ensure an equity vehicle that represented the value and significance of the Company's combined refining and fertilizer segments' revenue and operational complexity.

Equity Ownership Requirements. CVR Energy has not established equity ownership requirements for its executive officers, and all long-term incentive or phantom awards, as applicable (including those issued in connection with the CVI LTIP, under the long-term incentive plan of CVR Refining (the "CVRR LTIP"), and under the long-term incentive plan of CVR Partners (the "UAN LTIP")) are generally settled in cash. The Compensation Committee believes that cash-settled awards provide the CEO and the executive officers with a more attractive compensation package and are less burdensome for the Company to administer than equity-settled awards. Additionally, equity-settled compensation in the form of CVR Energy common stock or common units of CVR Partners would dilute the ownership interests of existing stockholders.

Perquisites. The total value of all perquisites and personal benefits provided to each of CVR Energy's named executive officers in 2019 was less than \$10,000.

Benefits. During 2019, all the named executive officers participated in our health benefits, welfare, and retirement (the "401(k) plan") plans.

Other Forms of Compensation. Mr. Lamp has provisions in his employment agreements with CVR Energy that provides for severance benefits in the event of a termination of his employment under certain circumstances. These severance provisions are described below in "Change-in-Control and Termination Payments." Since September 2018, Messrs. Pytosh and Landreth and Mses. Jackson and Buhrig continue to be subject to CVR Energy's Change in Control and Severance Plan (the "CIC and Severance Plan") which provides for severance benefits in the event of a termination of his or her employment under certain circumstances. These severance provisions are described below in "Change-in-Control and Termination Payments."

CVR Partners. As discussed above, a number of our executive officers, including certain of our named executive officers, also serve as executive officers of the general partner of CVR Partners. Other than Mr. Pytosh, these executive officers receive all of their compensation and benefits from us, including compensation related to services performed for CVR Partners. In the future, our executive officers may receive equity-based awards pursuant to the UAN LTIP for services provided to CVR Partners. Pursuant to services agreements entered into between the Company and CVR Partners (or its general partner), CVR Partners (or its general partner) reimburses us for the time our executive officers dedicate to providing services for its business.

Under each of these services agreements, CVR Partners (or its general partner) is required to pay us (a) all costs incurred by us in connection with the employment of our employees who provide services to CVR Partners under the applicable agreement on a full-time basis, but excluding certain share-based compensation; (b) a prorated share of costs incurred by us in connection with the employment of our employees who provide services to CVR Partners under the applicable agreement on a part-time basis, but excluding certain share-based compensation and such prorated share must be determined by us on a commercially reasonable basis, based on the percent of total working time that such shared staff are engaged in performing services for CVR Partners; (c) a prorated share of certain administrative costs; and (d) various other administrative costs in accordance with the terms of the agreement.

Tax Considerations. Section 162(m) of the Code generally limits deductions by publicly held corporations for compensation paid to its “covered employees” to the extent that the employee’s compensation for the taxable year exceeds \$1.0 million. Prior to January 1, 2018, this limit did not apply to “qualified performance-based compensation,” which required, among other factors, satisfaction of a performance goal that was established by a committee of the Board consisting of two or more non-employee directors and stockholder approval of the material terms under which such compensation was paid. The Tax Cuts and Jobs Act (the “Tax Act”), enacted in December 2017, amended Section 162(m) to eliminate this “performance-based compensation” exception for taxable years beginning after December 31, 2017, such that compensation paid to a public company’s “covered employees” in excess of \$1.0 million will not be deductible unless it qualifies for transition relief applicable to certain arrangements in place as of November 2, 2017. In addition, the Tax Cuts amended the definition of “covered employees”. Effective January 1, 2018, “covered employees” include the chief executive officer, chief financial officer, the next three most highly compensated officers serving during the taxable year, and a covered employee for any preceding taxable year beginning after December 31, 2016.

As a general matter, in making its compensation decisions prior to the Tax Act’s amendment of Section 162(m) of the Code, the Compensation Committee sought to maximize the deductibility of compensation under Section 162(m) to the extent doing so was reasonable and consistent with our strategies and goals. Due to the elimination of the “qualified performance-based compensation exemption” under Section 162(m) by the Tax Act, other than compensation that qualified for the transition relief, the compensation in excess of \$1 million per employee paid to our covered employees after 2017 is no longer deductible. Notwithstanding amendment of Section 162(m) of the Code by the Tax Act, we believe that stockholder interests are best served by preserving the Compensation Committee’s discretion and flexibility to take into account factors other than tax deductibility in making compensation decisions. Furthermore, the rules and regulations promulgated under Section 162(m) are complicated and subject to change from time to time, sometimes with retroactive effect. In addition, a number of requirements must be met in order for particular compensation to so qualify and the application and interpretations of such requirements are subject to uncertainty, including the uncertain scope of the transition relief under the Tax Act. As such, there can be no assurance that any compensation awarded or paid by the Company will be fully deductible under any circumstances. Accordingly, the Compensation Committee retains the flexibility to approve compensation that may not be deductible if it believes that doing so is in the best interests of the Company and our stockholders. Further, the Compensation Committee reserves the right to modify compensation that was initially intended to be exempt from Section 162(m) if it determines that such modifications are consistent with our strategies and goals.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”) was enacted in response to the COVID-19 pandemic. The CARES Act, among other things, permits net operating loss (“NOL”) carryovers and carrybacks to offset 100% of taxable income for taxable years beginning before 2021, and it also permits NOLs incurred in 2018, 2019, and 2020 to be carried back to each of the five preceding taxable years to generate a refund of previously paid income taxes. In addition, the CARES Act contains modifications on the limitation of business interest under Section 163(j) of the Internal Revenue Code for tax years beginning in 2019 and 2020. The modifications to Section 163(j) increase the allowable business interest deduction from 30% of adjusted taxable income to 50% of adjusted taxable income, and allow use of the prior year adjusted taxable income. The Company is currently evaluating the impact of these and other relief provisions under the CARES Act. The Company currently expects that the NOL relief provisions would result in a cash flow benefit, and that the Section 163(j) relief provisions would increase the allowable interest expense deduction of the Company and result in less taxable income for the 2019 tax year.

COMPENSATION COMMITTEE REPORT

The Compensation Committee reviewed and discussed the Compensation Discussion and Analysis with management. Based on this review and discussion, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in the Proxy Statement.

Employment Agreements

None of our named executive officers have an employment agreement with CVR Energy or its subsidiaries other than Mr. Lamp. On November 1, 2017, CVR Energy entered into an employment agreement with Mr. Lamp, as CEO and President of CVR Energy, effective January 1, 2018. The agreement has a four-year term continuing through December 31, 2021, unless otherwise terminated by CVR Energy or Mr. Lamp. Mr. Lamp receives an annual base salary of \$1,000,000 and is also eligible to receive a performance-based annual cash bonus with a target payment equal to 150% of his annual base salary, to be based upon individual and/or company performance criteria as established by the Compensation Committee. In addition, Mr. Lamp is entitled to participate in such health, insurance, retirement, and other employee benefit plans and programs of CVR Energy as in effect from time to time on the same basis as other executives of CVR Energy.

During the term of the agreement, Mr. Lamp is eligible to receive annually on the anniversary of the agreement date a grant of performance units pursuant to the CVI LTIP having an aggregate value of \$1.5 million, or such other form of award as may be agreed upon by Mr. Lamp and the Compensation Committee. Mr. Lamp is also eligible to receive an incentive payment of \$10 million (the "Incentive Payment") payable if either the conditions set forth in the employment agreement or the conditions set forth in a separate Performance Unit Award Agreement ("PU Award Agreement") are fulfilled. The Incentive Payment becomes payable: (a) under the employment agreement, if on or prior to December 31, 2021, either (i) a transaction is consummated which constitutes a change-in-control (as defined in the employment agreement), or (ii) the Board approves a transaction which, if consummated, would constitute a change-in-control and such transaction is consummated on or prior to December 31, 2022; or (b) under the PU Award Agreement, the average closing price of CVR Energy's common stock over the 30-trading day period beginning on January 4, 2022 and ending on February 15, 2022 is equal to or greater than \$60.00 per share (subject to any equitable adjustments required to account for splits, dividends, combinations, acquisitions, dispositions, recapitalizations, and the like). Payment of the Incentive Payment is conditioned upon Mr. Lamp remaining employed with CVR Energy through December 31, 2021 (unless terminated by CVR Energy without cause or by Mr. Lamp for good reason (as defined in the employment agreement) on or after the satisfaction of the foregoing conditions and on or prior to December 31, 2021). Subject to the foregoing conditions, the Incentive Payment will, if it becomes payable, be paid within 30 days. For the avoidance of doubt, Mr. Lamp will not under any circumstance be entitled to receive more than one Incentive Payment and if he becomes entitled to the Incentive Payment under the terms of the employment agreement, Mr. Lamp will immediately forfeit any right to payments under the PU Award Agreement.

The employment agreement requires Mr. Lamp to abide by a perpetual restrictive covenant relating to non-disclosure and non-disparagement and also includes covenants relating to non-solicitation and non-competition that govern during his employment and thereafter for the period severance is paid and, if no severance is paid, for six months following termination of employment. In addition, Mr. Lamp's employment agreement provides for certain severance payments that may be due following termination of his employment under certain circumstances, which are described below under "Change-in-Control and Termination Payments." The description of these agreements are qualified in their entirety by the text of such agreements, each of which have been publicly filed with the SEC.

Change-in-Control and Termination Payments

Certain of our named executive officers are entitled to severance and other benefits from CVR Energy following the termination of their employment under certain circumstances.

David L. Lamp. Under his employment agreement, if Mr. Lamp's employment is terminated due to death or disability, or by CVR Energy without cause and not in connection with a change in control, he (or his estate, in the event of termination due to death) is entitled to: (a) any accrued but unpaid amounts, plus (b) salary continuation for the lesser of six months and the remainder of the term of the employment agreement (such period, the "Lamp Post-Employment Period"), plus (c) a pro-rata bonus for the year in which termination occurs based on actual results. For terminations due to disability, Mr. Lamp is also entitled to disability benefits. If Mr. Lamp's employment is terminated either by CVR Energy without cause or by Mr. Lamp for good reason (as these terms are defined in his employment agreement) one year following a change in control (as defined in his employment agreement) or in specified circumstances prior to and in connection with a change in control, Mr. Lamp will receive the Incentive

Payment within 30 days following the consummation of the change in control. Mr. Lamp does not receive any payments or benefits in the event of retirement. As a condition to receiving these severance payments and benefits, Mr. Lamp must execute, deliver and not revoke a general release of claims and abide by restrictive covenants relating to non-solicitation and non-competition during Mr. Lamp's employment term, and thereafter during the period he receives severance payments or supplemental disability payments, as applicable, or for six months following the end of the term (if no severance or disability payments are payable), as well as a perpetual restrictive covenant relating to non-disclosure and non-disparagement and covenants. If any payments or distributions due to Mr. Lamp under his employment agreement would be subject to the excise tax imposed under Section 4999 of the Code, then such payments or distributions will be "cut back" only if that reduction would be more beneficial to him on an after-tax basis than if there was no reduction.

Other Named Executive Officers. Mses. Jackson and Buhrig and Messrs. Pytosh and Landreth do not have employment agreements. However, under the CIC and Severance Plan, Mses. Jackson and Buhrig and Messrs. Pytosh and Landreth are generally eligible for certain payments in the event of their involuntary termination (other than for cause, as defined in the CIC and Severance Plan) or their resignation for good reason (as defined in the CIC and Severance Plan), in each case, within the 120 days preceding or the 24 months following a change in control (as defined in the CIC and Severance Plan) including any amounts accrued prior to termination, plus a lump sum payment equal to twelve months of base salary plus the average annual bonus paid during the preceding three years (or target in the event of no bonus history). They are also entitled to acceleration of unvested equity awards. These payouts are subject to various conditions including the execution of a release agreement, a perpetual restrictive covenant relating to non-disclosure and non-disparagement and covenants relating to non-solicitation and non-competition for a period of 12 months.

The amounts of potential post-employment payments and benefits in the table below assume that the triggering event took place on December 31, 2019. Pursuant to the Services Agreement that is entered into with CVR Partners or its general partner, CVR Partners or its general partner is responsible for the payment of its proportionate share of the CIC and Severance Plan and other benefits costs following the termination of employment of the executive officers that are employed by CVR Partners or its general partner.

- (2) Severance payments and benefits in the event of termination without cause or resignation for good reason in connection with a change-in-control.
- (3) For Mr. Lamp, payments upon (a) death, disability, or termination without cause or with good reason not in connection with a change-in-control include: (i) base salary payable for six months under his employment agreement, plus (ii) a pro-rata bonus under his employment agreement, and (b) termination without cause or with good reason in connection with a change-in-control includes payout of the incentive payment set forth under his employment agreement.
- (4) Payments in the termination without cause or with good reason column include, under the CIC and Severance Plan, a lump sum of twelve months' base pay plus the average of the preceding three years' annual bonus (or target in the event of no bonus history).

Certain of our named executive officers have received incentive unit awards under the CVR LTIP, as well as phantom unit awards under the CVRR LTIP and the UAN LTIP, each of which generally represents the right to receive, upon vesting, a cash payment equal to (i) the number of units times the average closing price of a common share of CVR Energy, a common unit of CVR Partners, or the fair market value of a common unit of CVR Refining, as applicable, for the ten trading days preceding vesting, plus (ii) the per unit cash value of all dividends declared and paid by CVR Energy or distributions declared and paid by CVR Partners or CVR Refining, as applicable, from the grant date to and including the vesting date. These awards generally provide for acceleration upon certain termination events, as follows:

- For incentive units of CVR Energy granted to named executive officers, if the incentive units are cancelled or if such named executive officer (a) is terminated other than for cause or (b) is terminated due to death or disability, then the portion of the award scheduled to vest in the year in which such event occurs becomes immediately vested and the remaining portion is forfeited. If such named executive officer is terminated other than for cause or resigns for good reason in connection with a change-in-control all unvested awards accelerate.
- For phantom units of CVR Partners issued to Mr. Pytosh, if Mr. Pytosh (a) is terminated other than for cause or (b) is terminated due to death or disability, then the portion of the award scheduled to vest in the year in which such event occurs becomes immediately vested and the remaining portion is forfeited. If Mr. Pytosh is terminated other than for cause or resigns for good reason in connection with a change-in-control all unvested awards accelerate.
- For phantom units of CVR Refining issued to Mr. Landreth, if Mr. Landreth (a) is terminated other than for cause or (b) is terminated due to death or disability, then the portion of the award scheduled to vest in the year in which such event occurs becomes immediately vested and the remaining portion is forfeited. If Mr. Landreth is terminated other than for cause or resigns for good reason in connection with a change-in-control all unvested awards accelerate.

The following table reflects the value of accelerated vesting of the unvested incentive units and phantom units, as applicable, held by the named executive officers assuming the triggering event took place on December 31, 2019. For the purposes of the incentive units and CVR Refining phantom units awarded prior to December 2018, the value is based on the 20-day fair market value of CVR Refining common units for the 20 trading days preceding December 31, 2019, or \$10.50 per unit. For the purposes of phantom units awarded, the value is based on the 20-day average closing price for CVR Partners common units for the 20 trading days preceding December 31, 2019, or \$2.91 per unit. For the purposes of the incentive units awarded in December 2019, the value is based on the 20-day average closing price for the CVR Energy common stock for the 20-trading days preceding December 31, 2019, or \$41.67 per share.

Pay Ratio

For 2019, we conducted a comparison of the median employee's total annual compensation to the total annual compensation of our Principal Executive Officer ("PEO") Mr. Lamp.

We estimate that the median of the annual total compensation of all our employees and our consolidated subsidiaries (except our PEO) was \$118,019 for 2019. The annual total compensation of Mr. Lamp, our PEO for 2019, as reported in the Summary Compensation Table included above, was \$4,290,364 for 2019. This total and the pay ratio described below are reasonable estimates calculated in a manner consistent with Item 402(u) of Regulation S-K.

Based on this information, we estimate that the ratio of the annual total compensation of our PEO to the median of the annual total compensation of all employees for 2019 was: 36 to 1.

To identify the median of the annual total compensation of all our employees, as well as to determine the annual total compensation of our median employee and our PEO, we used the following methodology and made the following material assumptions, adjustments, and estimates:

- (1) We determined that, as of December 31, 2019, the employee population of the Company and its consolidated subsidiaries consisted of 1,486 individuals.
- (2) To identify the "median employee" from the employee population, we compared the amount of annual total compensation of such employees for 2019 determined in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K, which consisted of salary, bonus, non-equity incentive plan compensation, and other compensation. We "annualized" the compensation of our full-time and part-time employees as of December 31, 2019 to adjust for the portion of the year that the employee did not work, if applicable. We did not make any cost-of-living adjustments in identifying the "median employee".
- (3) Once we identified our median employee, we included the elements of such employee's compensation for 2019 determined in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K, resulting in annual total compensation of \$118,019. With respect to the annual total compensation of our PEO, we used the amounts reported in the "Total" column of our 2019 Summary Compensation Table included herein, which was calculated in accordance with the same requirements of Item 402(c)(2)(x) of Regulation S-K.

Among other matters, the Audit Committee oversees:

- Management’s preparation, presentation, and integrity of our financial statements, accounting and financial reporting principles, and the establishment and effectiveness of internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations; and
- The independent audit of the Company’s consolidated financial statements by its independent registered public accounting firm, Grant Thornton LLP (“Grant Thornton”), which is responsible for performing the audit in accordance with the standards of the Public Company Accounting Oversight Board (“PCAOB”); opining whether the financial statements fairly present, in all material respects, the financial position, results of operations, and cash flows of the Company in conformity with generally accepted accounting principles (“GAAP”); and auditing the effectiveness of internal control over financial reporting.

However, the Audit Committee is not providing any expert or special assurance as to the Company’s financial statements or any professional certification as to the independent auditors’ work, and relies without independent verification on the information provided to it and on the representations by management and Grant Thornton.

The Audit Committee conducted four meetings during 2019, and also held informal meetings with management, the internal auditors, and Grant Thornton during 2019. Among other matters, the Audit Committee:

- Discussed with the Company’s internal auditors and Grant Thornton the overall scope and plans for their respective audits and the results of their examinations and evaluations of the Company’s internal controls;
- Reviewed and discussed the audited consolidated financial statements contained in the Company’s 2019 Annual Report and matters related to Section 404 of the Sarbanes-Oxley Act with management and Grant Thornton and received the opinion of both that the Company prepared its consolidated financial statements in accordance with GAAP;
- Discussed with Grant Thornton its independence and matters required to be discussed with the audit committees under GAAP including, among other things, matters related to the conduct of the audit of the Company’s consolidated financial statements and the matters required to be discussed by Auditing Standard No. 16 (codified as Auditing Standard No. 1301) “Communication with Audit Committees”, as amended, supplemented or superseded, as adopted by the PCAOB;
- Received the written disclosures and letter from Grant Thornton required by applicable requirements of PCAOB Rule 3526 regarding the independent auditor’s communications with the Audit Committee concerning independence and the advice of Grant Thornton that neither it nor any of its members has any financial interest, direct or indirect, in any capacity in the Company or its subsidiaries; and
- Reviewed the audit and non-audit services performed by and the amount of fees paid for such services to Grant Thornton and considered whether Grant Thornton’s provision of services to the Company beyond those rendered in connection with its audit and reviews of the Company’s consolidated financial statements was compatible with maintaining its independence.

Based on the foregoing review, discussions, and other matters the Audit Committee deemed relevant and appropriate, the Audit Committee recommended to the Board that the audited financial statements of the Company be included in its 2019 Annual Report for filing with the SEC. The Audit Committee also approved the engagement of Grant Thornton as the Company’s independent auditors for 2019. This report is respectfully submitted by the Audit Committee.

The Audit Committee has considered whether the non-audit services provided by Grant Thornton were compatible with maintaining Grant Thornton's independence and has determined that the nature and substance of the limited non-audit services did not impair the status of Grant Thornton as the Company's independent registered public accounting firm during the firm's appointment as the Company's independent auditor.

Audit Committee's Pre-Approval Policies and Procedures

All of the services performed by the independent auditor in 2019 were pre-approved in accordance with the pre-approval policy and procedures adopted by the Audit Committee. Our Audit Committee charter, among other things, requires the Audit Committee to approve in advance all audit and permitted non-audit services provided by our independent registered public accounting firm and also requires the Audit Committee to establish periodically and to approve in advance the fee levels for all services performed by the independent auditor. The Audit Committee has also authorized any Audit Committee member to pre-approve audit, audit-related, tax, and other non-audit services up to \$100,000, provided that the committee member shall timely report to the full committee each specific service pre-approved by them with copies of all supporting documentation.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

This section describes related party transactions between the Company and its directors, executive officers, and 5% stockholders (and entities controlled by such persons, including CVR Partners) that occurred during the year ended December 31, 2019 and as otherwise described herein.

Transactions with IEP and its Affiliates

As of December 31, 2019, IEP and its affiliates owned approximately 70.8% of all common shares outstanding.

Tax Allocation Agreement

Prior to August 2018, CVR Energy was a member of the consolidated federal tax group of American Entertainment Properties Corp (“AEP”), an affiliate of IEP, and party to a tax allocation agreement with AEP (the “Tax Allocation Agreement”). The Tax Allocation Agreement provides that AEP will pay all consolidated federal income taxes on behalf of the consolidated tax group. As a result, CVR Energy was required to make payments to AEP in an amount equal to the tax liability, if any, that it would have paid if it were to file as a consolidated group separate and apart from AEP.

Following August 2018, IEP and affiliates’ ownership of CVR Energy was reduced below 80% and, since that time, CVR Energy is no longer eligible to file as a member of the AEP consolidated federal income tax group. Beginning with the tax period after the exchange in August 2018, CVR Energy became the parent of a new consolidated group for U.S. federal income tax purposes and will file and pay its federal income tax obligations directly to the IRS. Pursuant to the terms of the Tax Allocation Agreement, however, CVR Energy may be required to make payments in respect of taxes owed by AEP for periods prior to the exchange. Similar principles may apply for state or local income tax purposes where CVR Energy filed combined, consolidated, or unitary tax returns with AEP. As of December 31, 2019 and 2018, the Company’s Consolidated Balance Sheets reflected a nominal payable and \$4 million receivable, respectively, for federal income taxes due to or from AEP. As of December 31, 2019 and 2018, the Company’s Consolidated Balance Sheets also reflected a payable of \$20 million to and receivable of \$12 million from, respectively, the IRS and certain state jurisdictions.

Insight Portfolio Group

ISG is an entity formed and controlled by Mr. Icahn in order to maximize the potential buying power of a group of entities with which Mr. Icahn has a relationship in negotiating with a wide range of suppliers of goods, services, and tangible and intangible property at negotiated rates. In January 2013, CVR Energy acquired a minority equity interest in ISG and agreed to pay a portion of ISG’s operating expenses. The Company paid ISG approximately \$0.4 million during the year ended December 31, 2019. The Company may purchase a variety of goods and services as a member of the buying group at prices and terms that management believes would be more favorable than those which would be achieved on a stand-alone basis. On January 23, 2020, CVR Energy assigned its minority equity interests to a third-party, terminated its agreement, and is no longer expected to transact with the ISG.

Transactions with Other Affiliates

Enable Pipeline Joint Venture

On September 19, 2016, Coffeyville Resources Pipeline, LLC (“CRPLLC”), an indirect wholly-owned subsidiary of CVR Refining, entered into an agreement with Enable Oklahoma Crude Services, LLC (“Enable”), formerly Velocity Central Oklahoma Pipeline LLC, related to their joint ownership of Enable South Central Pipeline, LLC (“Enable Pipeline”), formerly Velocity Pipeline Partners, LLC, a pipeline company that operates a 12-inch crude oil pipeline with a capacity of approximately 115,000 barrels per day and an estimated length of 26 miles with a connection to the Company’s Wynnewood, Oklahoma refinery and a trucking terminal at Lowrance, Oklahoma. CRPLLC holds a 40% interest in Enable Pipeline. Enable holds a 60% interest in Enable Pipeline and serves as the day-to-day operator.

Coffeyville Resources Refining & Marketing, LLC (“CRRM”) is party to a transportation agreement with Enable for an initial term of 20 years under which Enable provides CRRM with crude oil transportation services for crude oil purchased within a defined geographic area, and CRRM entered into a terminalling services agreement with Enable under which it receives access to Enable’s terminal in Lowrance, Oklahoma to unload and pump crude

oil into Enable Pipeline's pipeline for an initial term of 20 years. For the year ended December 31, 2019, CRRM incurred costs of \$12 million under the transportation agreement with Enable. As of December 31, 2019, the Consolidated Balance Sheets included a liability of \$1 million to Enable.

Midway Joint Venture

On October 31, 2017, CRPLLC and Plains All American Pipeline, L.P. ("Plains") formed a 50/50 joint venture, Midway Pipeline LLC ("Midway"), which acquired the approximately 100 mile, 16-inch Cushing to Broome pipeline system from Plains with a capacity of approximately 120,000 barrels per day. The Cushing to Broome pipeline system connects the Company's Coffeyville, Kansas refinery ("Coffeyville Refinery") to the Cushing, Oklahoma oil hub. Midway has a contract with Plains pursuant to which Plains will continue its role as operator of the pipeline. For the year ended December 31, 2019, CRRM incurred costs of \$21 million from crude oil transportation services incurred on the Midway pipeline through Vitol, Inc. as the intermediary purchasing agent.

Transactions with CVR Partners and CVR Refining

Background

In October 2007, prior to CVR Energy's initial public offering, we created CVR Partners and transferred our nitrogen fertilizer business to CVR Partners. In connection with the creation of CVR Partners in October 2007, the general and limited partners entered into a limited partnership agreement, which set forth the various rights and responsibilities of the partners in CVR Partners. In addition, we entered into a number of intercompany agreements with CVR Partners.

In April 2011, CVR Partners consummated its initial public offering. To effectuate CVR Partners' initial public offering, we entered into a new limited partnership agreement, entered into a series of new agreements, and amended and restated certain of our existing intercompany agreements with CVR Partners and Coffeyville Resources Nitrogen Fertilizers, LLC ("CRNF") as set forth below. In connection with CVR Refining's initial public offering in January 2013, certain of CVR Energy's subsidiaries party to these agreements became subsidiaries of CVR Refining. In addition, we entered into several new agreements with CVR Refining and its subsidiaries to govern the relationship between CVR Refining and its subsidiaries and CVR Energy. These agreements were not the result of arm's-length negotiations and the terms of these agreements are not necessarily at least as favorable to the parties to these agreements as terms which could have been obtained from unaffiliated third parties.

Coke Supply Agreement

CRRM is a party to a pet coke supply agreement with CRNF. CRNF's Coffeyville Facility ("Coffeyville Facility") purchases pet coke from the Coffeyville Refinery under a coke supply agreement (the "Coke Supply Agreement"), which provides that CRRM must deliver, and the Coffeyville Facility must purchase, during each calendar year an annual required amount of pet coke equal to the lesser of (i) 100 percent of the pet coke or (ii) 500,000 tons of pet coke. If during a calendar month, more than 41,667 tons of pet coke is produced and available for purchase, then the Coffeyville Facility will have the option to purchase the excess at the purchase price provided for in the agreement. If the option is declined, CRRM may sell the excess to a third-party.

The Coffeyville Facility obtains a significant amount (61% on average during last five years, 40% in 2019) of the pet coke it needs from the Coke Supply Agreement. Any remaining pet coke needs are required to be purchased from various third parties. The price paid pursuant to the Coke Supply Agreement is based on the lesser of a pet coke price derived from the price received for UAN (the "UAN-based Price") or a pet coke price index. The UAN-based Price begins with a pet coke price of \$25 per ton based on a price per ton for UAN that excludes transportation cost ("netback price") of \$205 per ton, and adjusts up or down \$0.50 per ton for every \$1.00 change in the netback price. The UAN-based price has a ceiling of \$40 per ton and a floor of \$5 per ton.

The Coke Supply Agreement has an initial term of 20 years, ending in 2027, which will be automatically extended for successive five-year renewal periods. Either party may terminate the agreement by giving notice no later than three years prior to a renewal date. The agreement is also terminable by mutual consent of the parties or if a party breaches the agreement and does not cure within applicable cure periods. Additionally, the agreement may be terminated in some circumstances if substantially all of the operations at the Coffeyville Facility or the Coffeyville Refinery are permanently terminated, or if either party is subject to a bankruptcy proceeding or otherwise becomes insolvent. For the year ended December 31, 2019, CRNF's pet coke cost per ton purchased from CRRM averaged

\$16.76, and total purchases from CRRM were approximately \$3.6 million. For the year ended December 31, 2019, third-party pet coke prices averaged \$51.55, and total third-party purchases were approximately \$16.4 million.

Feedstock and Shared Services Agreement

CRNF is party to a feedstock and shared services agreement, as amended, (the “Feedstock Agreement”) with CRRM under which the two parties provide feedstock and other services to one another. These feedstocks and services are utilized in the respective production processes of the Coffeyville Refinery and the Coffeyville Facility. Feedstocks provided under the agreement include, among others, hydrogen, high-pressure steam, nitrogen, instrument air, oxygen, and natural gas. The Feedstock Agreement has an initial term of 20 years, ending in 2031, which will be automatically extended for successive five-year renewal periods. Either party may terminate the Feedstock Agreement, effective upon the last day of a term, by giving notice no later than three years prior to a renewal date. For the year ended December 31, 2019, CRRM purchased approximately \$0.1 million of hydrogen from CRNF.

Hydrogen Purchase and Sales Agreement

CRNF and CRRM are parties to a hydrogen purchase and sale agreement (the “Hydrogen Agreement”) pursuant to which the Coffeyville Refinery agrees to sell and deliver a committed hydrogen volume of 90,000 mscf per month to the Coffeyville Facility. The committed volume pricing is based on a monthly fixed fee (based on the fixed and capital charges associated with producing the committed volume) and a monthly variable fee (based on the natural gas price associated with hydrogen actually received). In the event the Coffeyville Facility fails to take delivery of the full committed volume in a month, CRNF remains obligated to pay CRRM for the monthly fixed fee and the monthly variable fee based upon the actual hydrogen volume received, if any. In the event the Coffeyville Refinery fails to deliver any portion of the committed volume for the applicable month for any reason other than planned repairs and maintenance, CRNF will be entitled to a pro-rata reduction of the monthly fixed fee. The Coffeyville Facility also has the option to purchase excess volume of up to 60,000 mscf per month, or more upon mutual agreement, from CRRM, if available for purchase.

The agreement has an initial term of 20 years and will be automatically extended following the initial term for additional successive five-year renewal terms unless either party gives 180 days’ written notice. Certain fees under the agreement are subject to modification after this initial term. The agreement contains customary terms related to indemnification, as well as termination for breach, by mutual consent, or due to insolvency or cessation of operations. For the year ended December 31, 2019, CRRM’s gross sales of hydrogen to CRNF were approximately \$4.6 million. The monthly hydrogen sales are cash settled net with hydrogen purchases pursuant to the feedstock and shared services agreement.

Water and Facilities Sharing Agreement

CRRM is party to a raw water and facilities sharing agreement with CRNF (the “Water Agreement”) which (i) provides for the allocation of raw water resources between the Coffeyville Refinery and the Coffeyville Facility and (ii) provides for the management of the water intake system (consisting primarily of a water intake structure, water pumps, meters, and a short run of piping between the intake structure and the origin of the separate pipes that transport the water to each facility) which draws raw water from the Verdigris River for both parties’ facilities.

Environmental Agreement

CRRM is a party to an environmental agreement with CRNF (the “Environmental Agreement”) which provides for certain indemnification and access rights in connection with environmental matters affecting the Coffeyville Refinery and the Coffeyville Facility. To the extent that liability arises from environmental contamination that is caused by CRRM but is also commingled with environmental contamination caused by CRNF, CRRM may elect in its sole discretion and at its own cost and expense to perform government-mandated environmental activities relating to such liability, subject to certain conditions and provided that CRRM will not waive any rights to indemnification or compensation otherwise provided for in the agreement. No liability under this agreement was recorded as of December 31, 2019.

Real Estate Transactions

Cross-Easement Agreement. CRRM is party to a cross-easement agreement (the “Easement Agreement”) with CRNF, so that both CRRM and CRNF can access and utilize each other’s land in certain circumstances in order to operate their respective businesses.

Terminal and Operating Agreement. CRNF entered into a lease and operating agreement with Coffeyville Resources Terminal, LLC (“CRT”), an indirect wholly-owned subsidiary of CVR Energy, under which it leases the premises located at Phillipsburg, Kansas to be utilized as a UAN terminal. The initial term of the agreement will expire in May 2032, provided, however, CRNF may terminate the lease at any time during the initial term by providing 180 days prior written notice. In addition, this agreement will automatically renew for successive five-year terms, provided that CRNF may terminate the agreement during any renewal term with at least 180 days written notice. CRNF will pay CRT \$1.00 per year for rent, \$4.00 per ton of UAN placed into the terminal, and \$4.00 per ton of UAN taken out of the terminal. For the year ended December 31, 2019, CRNF paid CRT approximately \$0.1 million under this agreement.

Lease Agreement. CRNF is party to a lease agreement (the “Lease Agreement”) with CRRM under which CRNF leases certain office and laboratory space. The initial term of the lease was extended an additional year and will expire in October 2020, provided, however, that CRNF may terminate the lease at any time during the initial term by providing 180 days’ prior written notice. In addition, CRNF has the option to renew the lease agreement for up to two additional one-year periods by providing CRRM with notice of renewal at least 60 days prior to the expiration of the then-existing term. For the year ended December 31, 2019, CRNF paid CRRM approximately \$0.1 million under this agreement.

CVR Partners Services Agreement

CVR Energy entered into a services agreement with CVR Partners and its general partner. Under this agreement, CVR Partners and its general partner obtain certain management and other services from CVR Energy pursuant to a services agreement (the “Services Agreement”) between CVR Partners, CVR GP, LLC (“CVR GP”), and CVR Energy. Under the Services Agreement, CVR Partners’ general partner has engaged CVR Energy to provide it with certain services, including the following, among others:

- services from CVR Energy’s employees in capacities equivalent to the capacities of corporate executive officers, except that those who serve in such capacities under the agreement will serve CVR Partners on a shared, part-time basis only, unless CVR Energy and CVR Partners agree otherwise;
- administrative and professional services, including legal, accounting, financial reporting, human resources, information technology, communications, insurance, tax, credit, finance, and government and regulatory affairs;
- recommendations on capital raising activities to the board of directors of the general partner of CVR Partners, including the issuance of debt or equity interests, the entry into credit facilities, and other capital market transactions;
- managing or overseeing litigation and administrative or regulatory proceedings, establishing appropriate insurance policies for CVR Partners, and providing safety and environmental advice;
- recommending the payment of distributions; and
- managing or providing advice for other projects, including acquisitions, as may be agreed by CVR Energy and the general partner of CVR Partners from time to time.

As payment for services provided under the agreement, CVR Partners, its general partner, or its subsidiaries must pay CVR Energy (i) all costs incurred by CVR Energy or its affiliates in connection with the employment of its employees who provide CVR Partners services under the agreement on a full-time basis; (ii) a prorated share of costs incurred by CVR Energy or its affiliates in connection with the employment of its employees who provide CVR Partners services under the agreement on a part-time basis, but excluding certain share-based compensation, and such prorated share shall be determined by CVR Energy on a commercially reasonable basis, based on the percentage of total working time that such shared personnel are engaged in performing services for CVR Partners; (iii) a prorated share of certain administrative costs, including office costs, services by outside vendors, other sales, general and administrative costs, and depreciation and amortization; and (iv) various other administrative costs in accordance with the terms of the agreement, including travel, insurance, legal and audit services, government and public relations, and bank charges. For the year ended December 31, 2019, the total amount paid to CVR Energy pursuant to the Services Agreement was approximately \$19.1 million.

GP Services Agreement

CVR Energy is party to a GP Services Agreement, as amended, (the “GP Services Agreement”) by and among CVR GP and CVR Partners. This agreement allows CVR Energy to engage CVR GP, in its capacity as CVR Partners’ general partner, to provide CVR Energy with (i) business development and related services and (ii) advice or recommendations for such other projects as may be agreed between CVR Energy and CVR Partners’ general partner from time to time. As payment for certain specific services provided under the agreement, CVR Energy must pay a prorated share of costs incurred by CVR Partners or CVR GP in connection with the employment of their respective employees who provide CVR Energy services on a part-time basis, as determined by CVR GP on a commercially reasonable basis based on the percentage of total working time that such shared personnel are engaged in performing services for CVR Energy. As of December 31, 2019, CVR Partners’ Consolidated Balance Sheets reflected a liability of \$4.1 million to CVR Energy.

Omnibus Agreement

CVR Energy is party to an omnibus agreement with CVR Partners and its general partner CVR GP, pursuant to which CVR Partners has agreed that CVR Energy will have a preferential right to acquire any assets or group of assets that do not constitute assets used in a fertilizer restricted business. In determining whether to exercise any preferential right under the omnibus agreement, CVR Energy will be permitted to act in its sole discretion, without any fiduciary obligation to CVR Partners or its unitholders whatsoever. These obligations will continue so long as CVR Energy owns at least 50% of CVR Partners’ general partner. There was no activity reported under this agreement during the year ended December 31, 2019.

CVR Partners Trademark License Agreement

CVR Partners is party to a trademark license agreement (the “Trademark License Agreement”) with CVR Energy pursuant to which CVR Energy has granted CVR Partners a non-exclusive, non-transferable license (without its prior written consent) to use the “Coffeyville Resources” word mark and the CVR Partners and Coffeyville Resources logos in connection with CVR Partners’ business. CVR Partners agreed to use the marks only in the form and manner, and with appropriate legends, as prescribed from time to time by CVR Energy, and CVR Energy agreed that the nature and quality of the business that uses the marks will conform to standards currently applied by CVR Partners. Either party can terminate the license with 60 days’ prior notice.

Replacement Agreements

Coffeyville MSA. Effective February 19, 2020, the Conflicts Committee of the board of directors of CVR GP and the Audit Committee of CVR Energy approved, and CRNF and CRRM entered into, a new Coffeyville Master Service Agreement (the “Coffeyville MSA”) which replaced and consolidated the Feedstock Agreement, the Coke Supply Agreement, the Hydrogen Agreement, the Water Agreement, the Easement Agreement, and the Lease Agreement (collectively, the “Replaced Coffeyville Agreements”) on substantially equivalent terms as the Replaced Coffeyville Agreements. In addition to affirming the terms and services described in the Replaced Coffeyville Agreements and resetting the durations thereof, as applicable, commencing February 19, 2020, the Coffeyville MSA provides for monthly payments, subject to netting, for all goods and services supplied under the Coffeyville MSA.

Corporate MSA. Also effective February 19, 2020, the Conflicts Committee of the board of directors of CVR GP and the Audit Committee of CVR Energy approved, and the parties entered into, a new Corporate Master Service Agreement (the “Corporate MSA”) between Coffeyville Services, LLC (“CSLLC,” formerly Coffeyville Resources, LLC) and certain of its affiliates, including CVR Partners, its general partners, and its subsidiaries, which replaced and consolidated the Services Agreement, the GP Services Agreement, and the Trademark License Agreement (collectively, the “Replaced Corporate Agreements”) on substantially equivalent terms as the Replaced Corporate Agreements. In addition to affirming the terms and services described in the Replaced Corporate Agreements and resetting the durations thereof, as applicable, commencing February 19, 2020, the Corporate MSA provides for payment by each service recipient under the Corporate MSA of a monthly fee for goods and services supplied under the Corporate MSA, subject to netting and an annual true up, as well as pass-through of any direct costs incurred on behalf of a service recipient without markup.

CVR Partners Amended and Restated Registration Rights Agreement

CVR Partners entered into an amended and restated registration rights agreement (the “Registration Rights Agreement”) with CSLLC, pursuant to which CVR Partners may be required to register the sale of CVR Partners

common units that CSLLC holds. Under the Registration Rights Agreement, CSLLC has the right to request that CVR Partners register the sale of common units held by CSLLC on six occasions, including requiring CVR Partners to make available shelf registration statements permitting sales of common units into the market from time to time over an extended period. In addition, CSLLC and its permitted transferees have the ability to exercise certain piggyback registration rights with respect to their securities if CVR Partners elects to register any of its equity interests. The Registration Rights Agreement also includes provisions dealing with holdback agreements, indemnification and contribution, and allocation of expenses. All CVR Partners common units held by CSLLC and any permitted transferee will be entitled to these registration rights, except that the demand registration rights may only be transferred in whole and not in part.

Related Party Transaction Policy

Our Board has adopted a Related Party Transaction Policy, which is designed to monitor and ensure the proper review, approval, ratification, and disclosure of our related party transactions. This policy applies to any transaction, arrangement, or relationship (or any series of similar transactions, arrangements, or relationships) in which we were, are, or will be a participant and the amount involved exceeds \$120,000, and in which any related party had, has, or will have a direct or indirect material interest. The Audit Committee must review, approve, and ratify a related party transaction if such transaction is consistent with the Related Party Transaction Policy and is on terms, taken as a whole, which the Audit Committee believes are no less favorable to us than could be obtained in an arm's-length transaction with an unrelated third-party, unless the Audit Committee otherwise determines the transaction is not in our best interests. Any related party transaction or modification of such transaction that our Board has approved or ratified by the affirmative vote of a majority of directors who do not have a direct or indirect material interest in such transaction does not need to be approved or ratified by our Audit Committee. In addition, related party transactions involving compensation will be approved by our Compensation Committee in lieu of our Audit Committee.

In addition, the charter for the Audit Committee provides that the Audit Committee will review, approve, and ratify transactions in which a potential conflict of interest exists or arises between the Company or any of its subsidiaries (including the general partner of CVR Partners acting on its own behalf and not on behalf of CVR Partners), on the one hand, and CVR Partners or any of its subsidiaries, on the other hand.

On October 22, 2019, the Audit Committee of CVR Energy agreed to authorize the exchange of certain parcels of property owned by CRRM a subsidiary of CVR Energy with an equal number of parcels owned by CRNF, all located in Coffeyville, Kansas (the "Property Exchange"). On February 19, 2020, CRRM and CRNF executed the Property Exchange agreement effectuating the same. This Property Exchange will enable each such company to create a more usable, contiguous parcel of land near its own operating footprint. CVR Energy and the Partnership accounted for this transaction in accordance with the ASC 805-50 guidance on transferring assets between entities under common control. This transaction had a net impact to the Partnership's partners' capital of approximately \$0.1 million.

2021 STOCKHOLDER PROPOSALS AND DIRECTOR NOMINATIONS

For a stockholder proposal to be considered for inclusion in our Proxy Statement for the 2021 Annual Meeting of Stockholders, the Secretary must receive the written proposal at the address below no later than the close of business on December 25, 2020. Such proposals must meet the requirements set forth in our By-Laws. Such proposals also must comply with SEC regulations under Rule 14a-8 regarding the inclusion of stockholder proposals in company-sponsored proxy materials.

For a stockholder proposal that is intended to be presented at an annual meeting but not presented to us for inclusion in our Proxy Statement under Rule 14a-8, in general, the stockholder must give notice to the Secretary no earlier than February 3, 2021 and no later than March 5, 2021 and meet the requirements set forth in our By-laws. However, if the date of our 2021 Annual Meeting of Stockholders is held more than 30 days before or after June 3, 2021, then the stockholder's notice, in order to be considered timely, must be received by the Secretary not later than the later of the close of business on the 90th day prior to such annual meeting or the tenth day following the day on which notice of the date of the 2021 annual meeting was mailed or public disclosure of such date was made.

Stockholders can suggest director candidates for consideration by writing to the attention of the General Counsel at the address below. Stockholders should provide the candidate's name, biographical data, qualifications, and the candidate's written consent to being named as a nominee in our proxy statement and to serve as a director, if elected. Stockholders should also include the information that would be required to be disclosed in the solicitation of proxies for election of directors under the federal securities laws. The Board may require any nominee to furnish any other information, within reason, that may be needed to determine the eligibility of the candidate. See "Corporate Governance - Identifying and Evaluating Nominees for Directors" above.

To nominate an individual for election at our annual meeting for 2021, the stockholder must give timely notice to the Secretary in accordance with our By-laws, which, in general, require that the notice be received by the Secretary no earlier than February 3, 2021 and no later than March 5, 2021, unless the date of the stockholder meeting is moved more than 30 days before or after June 3, 2021, then the nomination must be received by the Secretary not later than the later of the close of business on the 90th day prior to such annual meeting or the tenth day following the day on which notice of the date of the 2021 annual meeting was mailed or public disclosure of such date was made.

If the number of directors to be elected at the 2021 Annual Meeting will be increased and there is no public announcement naming the nominees for the additional directorships prior to February 23, 2021, a stockholder's notice will be considered timely with respect to the nominees for the additional directorships if it is received by the Secretary not later than the close of business on the tenth day after the day on which such public announcement is first made.

Proponents must submit stockholder proposals and recommendations for nomination as a director in writing to the following address:

Attention: General Counsel

The General Counsel will forward the proposals and recommendations to the Governance Committee for consideration. We reserve the right to reject, rule out of order, or take other appropriate actions with respect to any proposal or nomination that does not comply with the procedures described above and other applicable requirements.
